

Notice regarding payment options for Logic, Inc. orders

Dear Customers,

Effective November 15th, 2021, Logic will be changing and expanding our payment options. We have updated our payment platform to provide you with an easier and more secure way to make payments.

When payment is due, you will receive an email with a link to our online payment portal.

This platform offers three convenient options:

Credit Cards/debit card – We accept Mastercard, Discover, AMEX, and Visa. A 3% fee will be applied on all credit card transactions.

ACH – ACH is an electronic funds transfer system that moves money between bank accounts. There is no fee applied to an ACH transaction.

Bank Account – This option covers over 98% of all commercial banks. All you'll need to do is search for your bank and login using your online bank account. There is no fee applied to a bank transaction.

Customers on Terms have the option to pay invoices via one of these three options or by check.

Please contact ar@logic-control.com or your local sales engineer with any questions.

We truly appreciate your business and look forward to the opportunity to help again.

Best regards,

Dave VanLandingham
