Panel Mount Brackets Installation

1. Remove the M3X6 mm Phillips Screws, shoulder screw, plastic slide, spring and C-Insert from the DIN Brackets.

2. Retain and slide back the two DIN brackets to use as a guide for the installation of the panel mount brackets.

3. Push and slide the panel mount brackets on the top of DIN bracket and secure with M3X8 mm Phillips Screw and lock washer (use 7kgf torque).
