

Patent Marking

The following Moxa products are protected by patents in the United States and elsewhere. This online document is provided to satisfy the virtual patent marking provisions of various jurisdictions, including the virtual patent marking provisions of Section 16 of the America Invents Act. The following list of products may not be all inclusive, and other products not listed here may be protected by one or more patents in the United States and elsewhere. Additional patents may be pending in the United States or elsewhere.

EDS-G205A-4PoE Series	INJ-24 Series	AWK-4131 Series
