

# Graphite<sup>®</sup> Module: Crimson<sup>®</sup> Control

## IEC 61131 Logic Control Programming

Red Lion's Graphite<sup>®</sup> Crimson<sup>®</sup> Control Module plugs into Graphite HMIs to form an all-in-one industrial solution that combines communication, control and visualization capabilities to reduce cost and ease operations.

Crimson Control, which is part of Crimson 3.0 software, enables organizations to use IEC 61131 programming languages – such as Ladder Logic, Function Block, Structured Text and Instruction List – to solve specific application needs by developing logic control much like a Programmable Logic Controller (PLC) or Remote Telemetry Unit (RTU) without the added expense. The end result adds IEC 61131 control functionality to provide a single solution for control, networking and data visualization without requiring additional panel space or a separate programming package.

### Industry Applications

- Factory automation
- Oil & gas
- Power & utilities
- Water/wastewater
- Industrial Internet of Things (IIoT)

### Product Highlights

- IEC 61131 logic control programming
- Rugged environmental specifications
- All-in-one industrial solution
- Easy configuration

### Features & Benefits

- IEC 61131 Logic Control Programming
  - Use industry-standard IEC 61131 programming languages such as Ladder Logic, Function Block, Structured Text and Instruction List
  - Easy single-solution configuration eliminates need for third-party software
- All-in-One Industrial Solution
  - Combine communication and control capabilities to reduce cost and ease operations
  - Cost-effectively saves space and time
- Rugged Environmental Specifications
  - Wide operating temperature
  - CE, PESO, UL and UL Hazardous approvals
- Powered from Graphite Host
  - Simplifies deployment by eliminating external power
- Easy Configuration
  - Simple setup using Red Lion's Crimson 3.0 software

# Graphite Module: Crimson Control Ordering Guide and Specifications

## Ordering Guide

Part Number	Description
GMCC0000	Graphite Module, enables IEC 61131 control capabilities via Crimson Control

## Module Specifications

### Power

Power will be supplied by the Graphite host device. Some modules, depending on usage may consume high levels of power. This may limit the total number of modules that can be installed on a single Graphite host. Check the Graphite module and Graphite host data sheets for specific usage and power requirements.

**GMCC Max Power: 1.1 W**

### LEDs

STS - Status LED shows module condition.

### Environmental Conditions

Operating Temperature Range: -40 to +75 °C  $T_{AMB}$ , or lowest range among equipment used in your Graphite system. Consult the user manual or [www.redlion.net/OptTemp](http://www.redlion.net/OptTemp) for further details.

Storage Temperature Range: -40 to +85 °C  $T_{AMB}$

Operating and Storage Humidity: 85% max relative humidity, non-condensing

Altitude: Up to 2000 meters

### Certifications and Compliances

#### CE Approved

EN 61326-1 Immunity to Industrial Locations

IEC/EN 61010-1

RoHS Compliant

#### ATEX/UKEX Approved

Ⓜ II 3 G Ex nA IIC T4 Gc

DEMKO 14 ATEX 1387X

EN 60079-0, -11, -15, -31

UL23UKEX2879X

#### IECEx Approved

Ex nA IIC T4 Gc

IECEx UL 15.0035X

IEC 60079-0, -11, -15, -31

#### India PESO Approved:

A/P/HQ/MH/104/7441 (P549599)

**UL Listed:** File #E302106

**UL Hazardous:** File #E317425

**ABS Type Approval for Shipboard Applications**

### Construction

Case body is all metal construction.

### Connections

Removable wire clamp screw terminal block.

### Mounting

Screws to host.

### Weight

6.7 oz (189.9 g)

### Warranty

2 years on design and manufacturing defects.

Specifications are subject to change.

Red Lion is focused on being THE Industrial Data Company™. We empower industrial organizations around the world to unlock the value of data by developing and manufacturing innovative products and solutions to access, connect and visualize their information. Red Lion's global manufacturing and support facilities serve customers in major industry segments with solutions for cloud connectivity, edge intelligence, industrial Ethernet switches, panel meters and operator panels. Red Lion makes it easy to gain real-time data visibility that drives productivity. Red Lion is part of Spectris plc, the experts in providing insight through precision measurement.
