

**Accessories**  
**Compression Fitting**  
**For Temperature Sensors**  
**CF-M-6-G1/4-A4**

- Compression fittings for direct mounting of TP temperature probes
- Metal compression fitting
- For probe with 6 mm diameter
- Process connection G1/4" male thread

**General description**

With compression fittings, probes can be mounted directly where they are needed and they can be immersed as deep as wanted. Through direct contact with the medium, they react immediately to temperature changes.
