

XPLORE™ COMPANION KEYBOARD G2

XPLORE™ KICKSTAND WITH BATTERY BRACKET

ACCESSORY SPECIFICATIONS

Submitting reports from the vehicle or job site is a snap with this full travel, tactile feedback, spill-resistant keyboard. The touchpad supports a variety of gestures and the keyboard closes over the display glass like a laptop. When it's time to snap your Xplore tablet into a dock, the Companion Keyboard G2 detaches easily. The Kickstand holds the tablet upright for easy keyboard or touch use, and includes a bracket to hold extended battery options.

KEY FEATURES

Companion Keyboard G2

- Full travel tactile feedback keyboard
- Spill resistant
- Closes over display glass for protection and convenience while in motion
- Touchpad functions include Scroll, Zoom, Right-click, Select
- Software to prevent inadvertent taps on the touchpad while typing
- Snaps in to docking connector on bottom of tablet; alignment pins enable quick attachment
- Magnets in keyboard housing hold keyboard to tablet in closed position

Kickstand

- Folds easily for convenience when mobile
- Built-in bracket to hold external second battery
- Rubber feet prevent slippage

SPECIFICATIONS

Companion Keyboard G2

- USB 2.0 connection to Tablet (via docking connector)
- When in closed position, adds 9 mm (0.36 in) to tablet height and 7 mm (0.28 in) to tablet thickness
