

Logic's 2021 Omaha Industrial Conference Agenda

Logic Industrial
Automation
Conference & Expo
October 7th 2021- Omaha, NE

- 6 Technical sessions
- 25+ Exhibits
- Games, prizes, and more!

Time	Topic
8:00am	Performance Intelligence with OSI Pi and AVEVA AVEVA has joined forces with OSIsoft Pi System to meet the expanding data management needs of industrial companies and accelerate their digital transformation. Learn how people managing essential processes benefit from rich, reliable data that allows them to better measure and visualize the entire industrial lifecycle. Bringing OSIsoft's world-class operational data management together with AVEVA's leading industrial software unlocks Performance Intelligence.
8:00am Benson Room	Exploring AVEVA Plant SCADA 2020 R2 (formerly Citect) and Beyond Discover more about some of the latest enhancements within Citect SCADA including improved visualisation, integration and mobility capabilities - and learn how we are helping to empower operators to harness their process data, increase engineering efficiencies and simplify their digital transformations.
8:45am	Knowledge and Skills Management in the Cloud - AVEVA Teamwork Now more than ever it is important to engage workforces with the tools to learn in their daily flow of work, enabling organizations to apply continuous improvement to informal training with video, imagery, documentation, and collaboration through a social media like activity feed. Join us and learn how you can reduce training time by 50%.
9:30am Regency Ballroom	Tech Expo Opens Visit the 25+ exhibits! Play games for a chance to win big prizes.
11:00am	Predictive Analytics to Reduce Unplanned Downtime AVEVA Predictive Analytics helps organizations gain the highest return on critical assets by supporting predictive maintenance (PdM) programs with early warning detection of equipment issues ahead of existing operational alarms. Learn how AVEVA Insight with Predictive Analytics helps businesses gain the highest return on critical assets by supporting predictive maintenance (PdM) programs.
11:45am	Lunch and Expo Visit the Expo with 25+ booths and play our new CryptoMiner Game!

Time	Topic
1:00pm Regency Ballroom	<p>Secure Your Industrial Networks Every Step of the Way</p> <p>As the number of cybersecurity incidents happening in industrial control systems (ICS) continues to increase, many organizations have started to develop their own cybersecurity strategies in order to protect assets they regard as critical to successful operations. Every industrial cybersecurity journey includes different phases with relevant countermeasures. Join us to learn of two cybersecurity countermeasure considerations for building a secure network infrastructure.</p>
1:30pm	<p>Expo</p> <p>Visit the 25+ exhibits! Play games for a chance to win big prizes. Don't miss the collaborative robots!</p>
2:00pm Millard Room	<p>Trends in Automation Forum</p> <p>Join us as we bring together a variety of automation experts to discuss Trends in Automation. Some topics will include:</p> <ul style="list-style-type: none"> • Connectivity and/or convergence between OT and IT for tighter integration and more information • Ensuring resilient operations from cyber attacks to ramping up process analytics • Enabling a connected workforce for remote operations and the development of edge automation platforms • How vision cobots create a more automated, effective, and safe industrial environment
2:30pm	Expo Floor Closes
3:00pm	Event Ends

Thanks to our Exhibitors!
